This is no battle of wits between you and me. I never pick on an unarmed man.

Too bad stupidity isn't painful.

We all spring from apes but you didn't spring far enough.

We do not complain about your shortcomings but about your long stayings.

We heard that when you ran away from home your folks sent you a note saying, "Do not come home and all will be forgiven."

We know that you would give your life for us. Promises, promises!

We know that you would go to the end of the world for us. But would you stay there?

Hi! I'm a human being! What are you?

His brain waves fall a little short of the beach.

His men would follow him anywhere, but only out of morbid curiosity.

His origins are so low, you'd have to limbo under his family tree.

His personality's split so many ways he goes alone for group therapy.

His suitcase doesn't have a handle.

How did you get here? Did someone leave your cage open?

How many years did it take you to learn how to breathe?

I always wanted to be a troubleshooter but now I see you are not worth it!

I believe in respect for the dead; in fact I could only respect you if you WERE dead.

I bet your brain feels as good as new, seeing that you've never used it.

I bet your mother has a loud bark!

We know you could not live without us. We'll pay for the funeral.

We'll get along fine as soon as you realize I'm God.

Well, I'll see you in my dreams - if I eat too much.

Whatever is eating you - must be suffering horribly.

What's the latest dope - besides you?

When God was throwing intelligence down to the Earth, you were holding an umbrella.

When I look into your eyes, I see the back of your head.

When you die, I'd like to go to your funeral but I'll probably have to go to work that day. I believe in business before pleasure.

I can tell you are lying. Your lips are moving.

I can tie a coffee bean to my butt and swim across the Columbia River and make a darker stain than that (about weak coffee.)

I can't seem to remember your name, and please don't help me!

I can't talk to you right now; tell me, where will you be in ten years?

I certainly hope you are sterile.

I could make a monkey out of you, but why should I take all the credit?

I don't consider you a vulture. I consider you something a vulture would eat.

I don't know what makes you so stupid, but it really works!

I don't know who you are, but whatever it is, I'm sure everyone will agree with me.

I don't mind that you are talking so long as you don't mind that I'm not listening.

I don't think you are a fool. But then what's MY opinion against thousands of others?

When you die, you should have your brain donated to science. I hear they're trying to come up with the perfect vacuum.

When you feel terrific, notify your face.

When you fell out of the ugly tree, you hit every branch on the way down.

When you get run over by a car it shouldn't be listed under accidents.

When you pass away and people ask me what the cause of your death was, I'll say your stupidity.

When you were a child your mother wanted to hire someone to take care of you but the Mafia wanted too much.

When you were born, God admitted that even He could make a mistake!

Whom am I calling "stupid"? I don't know. What's your name?

Why don't you go to the library and brush up on your ignorance?

With a mind like yours, who needs a body?

I don't want you to turn the other cheek. It's just as ugly.

I feel sorry for you because you are so homely but I feel even sorrier for other people because they have to look at you.

I hear the only place you're ever invited is outside.

I hear what you're saying but I just don't care.

I hear you are an officer. Your rank is - just plain rank!

I hear you are being accepted into an exclusive club cause they need someone to snub.

I hear you are connected to the Police Department -- by a pair of handcuffs.

I hear you are very kind to animals so please give that face back to the gorilla.

I hear you changed your mind! What did you do with the diaper?

I hear you were born on a farm. Any more in the litter?

I hear you were born on April 2; a day too late!

I heard that your brother was an only child.

Would you like some cheese and crackers to go with that whine?

Would you like to replace my business partner who died this morning? I'll arrange it with the undertaker.

You always have your ear to the ground. So how's life in the gutter?

You are a man of the world -- and you know what sad shape the world is in.

You are about as useful as a windshield wiper on a goat's ass.

You are as strong as an ox and almost as intelligent.

You are down to earth but not quite far down enough.

You are living proof that manure can grow legs and walk.

You are no longer beneath my contempt.

You are not as bad as people say - you are worse!

You are pretty as a picture and we'd love to hang you.

You are so boring that you can't even entertain a doubt.

I heard you got a brain transplant and the brain rejected you!

I heard you went to have your head examined but the doctors found nothing there.

I know you are nobody's fool but maybe someone will adopt you.

I know you're a self-made man. It's nice of you to take the blame!

I know you're not as stupid as you look. Nobody could be!

I like you. People say I've no taste, but I like you.

I like your approach, now let's see your departure.

I reprimanded my son for mimicking you. I told him not to act like a fool.

I thought of you all day today. I was at the zoo.

I understand you, but thousands wouldn't!

I used to think that you were a big pain in the neck. Now I have a much lower opinion of you.

I want nothing out of you but breathing, and very little of that!

You are so dishonest that I can't even be sure that what you tell me are lies!

You are so dumb you sit on the TV and watch the sofa.

You are so fat that I hear you were arrested three times for jaywalking when all the time you were just standing on the corner waiting for the light to change.

You are so stupid you got hit by a parked car

You are such a smart-ass I bet you could sit on a carton of ice cream and tell what flavor it is. (Thanks, Erin and Justin Keller)

You are the kind of person who, when one first meets you, one doesn't like you. But when one gets to know you better, one hates you.

You could throw her in the river and skim ugly for two days.

You don't sweat much, for a fat girl.

You grow on people - like a wart!

You have a face only a mother could love - and she hates it!

You have a good weapon against muggers - your face!

I will defend to your death my  
right to my opinion.

I wonder how many angels could  
dance on his head?

I worship the ground that awaits  
you.

I would ask you how old you are  
but I know you can't count that  
high.

I would have liked to insult you,  
but with your intelligence you  
wouldn't get offended.

I would like the pleasure of your  
company but it only gives me  
displeasure.

I wouldn't piss in his ear if his  
brain was on fire!

I'd hate to see you go, but I'd  
love to watch you leave!

I'd like to give you a going-away  
present ... but you have to do  
your part.

I'd like to have the spitting  
concession his grave.

I'd like to help you out. Which  
way did you come in?

I'd like to leave you with one  
thought ... but I'm not sure you  
have a place to put it!

You have a lot of well-wishers.  
They would all like to throw you  
down one.

You have a speech impediment  
... your foot.

You have a striking face. Tell  
me, how many times were you  
struck there?

You have an inferiority complex -  
and it's fully justified.

You have no trouble making  
ends meet. Your foot is always in  
your mouth!

You liked your first chin so much,  
you added two more.

You make me believe in  
reincarnation. Nobody can be as  
stupid as you in one lifetime.

You must have a low opinion of  
people if you think they're your  
equals.

You must have gotten up on the  
wrong side of the cage this  
morning.

You possess a mind not merely  
twisted, but actually sprained.

You remind me of the ocean -  
you make me sick.

You say that you are always  
bright and early. Well OK, we  
know you are early.

I'd love to go out with you, but my favorite commercial is on TV.

I'd rather pass a kidney stone than another night with you.

I'd slap you senseless ... but I can't spare three seconds!

If brains were rain, you'd be a desert.

If I ever need a brain transplant, I'd choose yours because I'd want a brain that had never been used.

If I had a face like yours, I'd sue my parents!

If I promise to miss you, will you go away?

If I said anything to you that I should be sorry for, I'm glad.

If I want any shit outta you I'll squeeze your head.

If I want your stupid opinion, I'll beat it out of you.

If I wanted to hear from an ass, I'd fart.

If I were as ugly as you are, I wouldn't say hello, I'd say boo!

If idiots could fly, this would be an airport.

You should be the poster child for birth control.

You should do some soul-searching. Maybe you'll find one.

You should have been born in the Dark Ages; you look terrible in the light.

You should toss out more of your funny remarks; that's all they're good for.

You started at the bottom - and it's been downhill ever since.

You used to be arrogant and obnoxious. Now you are just the opposite. You are obnoxious and arrogant.

You were born because your mother didn't believe in abortion; now she believes in infanticide.

You were the answer to a prayer. Your parents prayed that the world would be made to suffer and here you came along.

You will never be able to live down to your reputation!

Your conversation is like the waves of the sea. It makes me sick!

Your dog is so stupid, he chases parked cars.

If ignorance is bliss, you must be orgasmic.

If manure were music, you'd be a brass band.

If sex were fast food, you'd have an arch over your head.

If she was cast as Lady Godiva the horse would steal the show.

If truth is stranger than fiction, you must be truth!

If we were to kill everybody who hates you, it wouldn't be murder; it would be genocide!

If what you don't know can't hurt you, she's practically invulnerable.

If you act like an ass, don't get insulted if people ride you.

If you don't like my opinion of you - improve yourself!

If you ever tax your brain, don't charge more than a penny.

If you give him a penny for his thoughts, you get change back.

If you had another brain like the one you've got, you'd still be a half-wit.

If you stand close enough to him, you can hear the ocean.

Your family tree is good but you are the sap.

Your mouth is getting too big for your muzzle.

Your teeth are like stars - they come out at night.

Your verbosity is exceeded only by your stupidity.

You're a habit I'd like to kick; with both feet.

You're acquitting yourself in a way that no jury ever would.

You're like one of those "idiot savants," except without the "savant" part.

You're nobody's fool. Let's see if we can get someone to adopt you.

You're not yourself today. I noticed the improvement immediately.

You're so dumb you thought Taco Bell was a phone company.

You're so fat when you jumped up you got stuck.

You're so fat you got baptized at Sea World.

If you were a body of water,  
you'd be a kiddie pool.

If you were twice as smart, you'd  
still be stupid.

If your brain were chocolate, it  
wouldn't fill an M&M.

Ignorance can be cured. Stupid  
is forever.

I'll never forget the first time we  
met - although I'll keep trying.

I'm blonde, what's your excuse?

I'm busy now. Can I ignore you  
some other time?

I'm glad to see you're not letting  
your education get in the way of  
your ignorance.

I'm going to memorize your  
name and throw my head away.

I'm not as dumb as you look.

In the land of the witless, the  
half-wit is king.

Instead of being born again, why  
don't you just grow up?

Is that your nose or are you  
eating a banana?

It is mind over matter. I don't  
mind, because you don't matter.

You're so fat you laid down in the  
ocean and Spain claimed you as  
the New World.

You're so fat you saw 90210 on  
a scale.

You're so fat you use hoola-  
hoops to keep your socks up.

You're so fat, when you wear a  
yellow rain coat people scream  
"taxi".

You're so low you could milk a  
pregnant snake!

You're so old you drove a chariot  
to school.

You're so slow it takes you an  
hour and a half to watch "Sixty  
Minutes."

You're so small, you pose for  
trophies.

You're so stupid you threw a  
rock at the ground and missed.

You're so stupid you trip over the  
cord of a cellular phone!

You're so ugly when you went to  
a haunted house they offered  
you a job.

You're so ugly you almost look  
like your mother.

It is such a shame to ruin such beautiful blonde hair by dying your roots black.

You're so ugly, you had tinted windows on your incubator.

You're the best at all you do - and all you do is make people hate you.

Yours is a prima facie case of ugliness. And your body is ugly too.

You're so ugly you have to trick or treat over the phone.

You're so ugly you make blind kids cry.

You're so ugly your husband goes everywhere alone.

You're so ugly your husband takes you with him everywhere he goes so he doesn't have to kiss you bye.

You're so ugly, when you walk into taco bell, EVERYONE runs for the border!

You're very smart. You have brains you never used.

You've got your head so far up your ass you can chew your food twice.

You've never been outspoken; no one has ever been able to.
